INDEPENDENT AUDITOR'S REPORT

Board of Commissioners
City of Hillsdale Housing Commission
Hillsdale, Michigan

We have audited the accompanying basic financial statements of the City of Hillsdale Housing Commission, Michigan, (Commission) as of and for the year ended June 30, 2005, as listed in the table of contents. These basic financial statements are the responsibility of the Commission's management. Our responsibility is to express an opinion on these basic financial statements based on our audit.

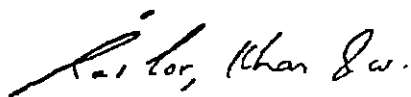

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the City of Hillsdale Housing Commission, Michigan, as of June 30, 2005, and the changes in its financial position and its cash flows, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 8, 2006, on our consideration of the Commission's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

The management's discussion and analysis on pages ii to vi is not a required part of the basic financial statements but is supplemental information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplemental information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental information including the Financial Data Schedule are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Management's Discussion and Analysis (MD&A)

June 30, 2005

(Unaudited)

This section of the Hillsdale Housing Commission's annual financial report presents our management's discussion and analysis of the Commission's financial performance during the fiscal year ended on June 30, 2005. This discussion and analysis is designed to assist the reader in focusing on the significant financial issues and activities and to identify any significant changes in financial position. Please read and consider the information presented in conjunction with the financial statements as a whole.

For accounting purposes, the Housing Commission is classified as an enterprise fund. Enterprise funds account for activities similar to those found in the private business sector, where the determination of net income is necessary or useful to sound financial administration. Enterprise funds are reported using the full accrual method of accounting in which all assets and all liabilities associated with the operation of these funds are included on the statement of net assets. The focus of enterprise funds is on income measurement, which, together with the maintenance of equity, is an important financial indication.

FINANCIAL HIGHLIGHTS

The term "net assets" refers to the difference between assets and liabilities. The Commission's total net assets as of June 30, 2005 were \$1,240,408. The net assets decreased by \$136,632, a decrease of 9.9% over the prior year.

Revenues for the Commission were \$298,393 for the year ended June 30, 2005. This was a decrease of \$5,219 or 1.7% from the prior year.

Expenses for the Commission were \$435,025 for the year ended June 30, 2005. This was a decrease of \$22,547 or 4.9% from the prior year.

HUD operating grants were \$143,869 for the year ended June 30, 2005. This was a decrease of \$3,064 or 2.1% over the prior year.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report includes this *Management Discussion and Analysis* report, the *Basic Financial Statements* and the *Notes to the Financial Statements*. This report also contains the Financial Data Schedule (FDS) as referenced in the section of *Supplemental Information*. The Commission's financial statements are presented as fund level financial statements because the Commission only has proprietary funds.

Required Financial Statements

The financial statements of the Housing Commission report information of the Commission using accounting methods similar to those used by private sector companies. These statements offer short- and long-term financial information about its activities. The Statement of Net Assets includes all the Commission's assets and liabilities and provides information about the nature and amounts of investments in resources (assets) and obligations of the Commission creditors (liabilities). It also provides the basis for evaluating the capital structure of the Commission and assessing the liquidity and financial flexibility of the Commission.

Management's Discussion and Analysis (MD&A) - Continued

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

All of the current year's revenues and expenses are accounted for in the Statement of Revenues, Expenses, and Changes in Net Assets. This statement measures the success of the Commission's operations over the past year and can be used to determine whether the Commission has successfully recovered all its costs through its user fees and other charges, profitability and credit worthiness.

The final required financial statement is the Statement of Cash Flows. The statement reports cash receipts, cash payments, and net changes in cash resulting from operations, investing and financing activities and provides answers to such questions as where did cash come from what was cash used for, and what the change was in the cash balance during the reporting period.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the basic financial statements and provide more detailed data.

Supplemental Information

This report also contains the Financial Data Schedule (FDS) as referenced in the section of *Supplemental Information*. HUD has established *Uniform Financial Reporting Standards* that require Housing Commission's to submit financial information electronically to HUD using the FDS format. This financial information was electronically transmitted to the Real Estate Assessment Center (REAC) for the year ended June 30, 2004 and is required to be included in the audit reporting package

FINANCIAL ANALYSIS

Net assets may serve, over time, as a useful indicator of a government's financial position. As stated in the table on the following page, assets exceeded liabilities by \$1,240,408 at the close of the year ended June 30, 2005 down from \$1,377,040 in 2004. The decrease in net assets of \$136,632 was due to the change in net assets for the year.

The unrestricted net assets were \$296 as of June 30, 2005. This amount may be used to meet the Commission's ongoing obligations. The Commission had no net assets classified as restricted that are subject to external restrictions on how they may be used. At the end of the current fiscal year, the Commission is able to report positive balances in all categories of net assets. The same situation held true for the prior fiscal year.

The largest portion of the Commission's net assets reflects its investment in capital assets (e.g. land, buildings and equipment) less accumulated depreciation. The Commission uses these capital assets to provide service and consequently these assets are not available to liquidate liabilities or other spending.

While the Statement of Net Assets shows the change in financial position of net assets, the Statements of Revenues, Expenses, and Changes in Net Assets provides answers as to the nature and source of these changes.

As can be seen in the table on the following page total revenues decreased by \$5,219 due to late and/or delayed CFP funding and a severe reduction in operating subsidy. Throughout the Commission's fiscal year, staff noted the rapid decline in assets as a result of these reductions and delays and was eventually forced to terminate staff positions and reduce staff benefits to compensate. The Commission had decreases in rental revenue, HUD operating grants and interest income. A decrease in HUD Operating Grants was based primarily on severe reductions imposed by Congress.

Total	<u>\$ 1,240,112</u>	<u>\$ 1,354,830</u>	<u>\$ (114,718)</u>

The total decrease in the Commission's capital assets for the current fiscal year was \$114,718 or 8.5% in terms of net book value. Actual expenditures to purchase equipment and construct capital assets were \$1,255 with retirements of \$1,022 for the year.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The Housing Commission is primarily dependent upon HUD for the funding of operations; therefore, the Housing Commission is affected more by the Federal budget than by local economic conditions. The funding of programs could be significantly affected by the 2006 Federal budget.

CITY OF HILLSDALE HOUSING COMMISSION

Hillsdale, Michigan

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2005

NOTE 1 - Summary of Significant Accounting Policies

The City of Hillsdale Housing Commission (Commission) is a non-profit entity established to provide low-rent housing, under the low rent program Annual Contributions Contract for qualified individuals in accordance with the rules and regulations prescribed by the Department of Housing and Urban Development and other Federal agencies.

The Housing Commission complies with generally accepted accounting principles (GAAP). GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. In the financial statements for the proprietary fund, Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, have been applied unless those pronouncements conflict with or contradict GASB pronouncements, in which case, GASB prevails. For enterprise funds, GASB Statement Nos. 20 and 34 provide the Housing Commission the option of electing to apply FASB pronouncements issued after November 30, 1989, except for those that conflict with or contradict a GASB pronouncement. The Housing Commission has elected not to apply those pronouncements. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of this Note.

1a. Financial Reporting Entity

The Housing Commission's financial reporting entity comprises the following:

Primary Government: Housing Commission

In determining the financial reporting entity, the Housing Commission complies with the provisions of GASB Statement No. 14 as amended by GASB no 39, "The Financial Reporting Entity," and includes all component units, if any, of which the Housing Commission appointed a voting majority of the units' board; the Housing Commission is either able to impose its will on the unit or a financial benefit or burden relationship exists. There are no agencies, organizations or activities meeting this criteria.

1b. Basis of Presentation

Financial statements of the reporting entity's programs are organized and reported as an enterprise fund and are accounted for by providing a set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues, and expenditure/expenses. Enterprise funds are used to account for business-like activities provided to its tenants. These activities are financed primarily by user charges and/or Federal funding and the measurement of financial activity focuses on net income measurement similar to the private sector. The reporting entity includes all of the Commission's programs as an enterprise fund.

NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)

NOTE 1 - Summary of Significant Accounting Policies (Continued)

1b. Basis of Presentation (Continued)

Following is a description of the Commission's programs:

Program	Brief Description
Low Rent	Accounts for activities of the Public and Indian Housing program which HUD provides an annual subsidy to help public housing agencies (PHAs) pay some of the cost of operating and maintaining public housing units.
Capital Fund Program	Accounts for activities of the Capital Fund which provides funds to housing authorities to modernize public housing developments.

1c. Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus

In the financial statements, the "economic resources" measurement focus is used as follows:

- ▶ The proprietary fund utilizes an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net assets (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net assets.

Basis of Accounting

In the financial statements, the proprietary fund utilizes the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

NOTE 1 - Summary of Significant Accounting Policies (Continued)

1d. Assets, Liabilities, and Equity

Cash and Investments

For the purpose of the Statement of Net Assets, "cash and cash equivalents" includes all demand, savings accounts, and certificates of deposits or short-term investments with an original maturity of three months or less. For the purpose of the Statement of Cash Flows, "cash and cash equivalents" include all demand and savings accounts, and certificates of deposit or short-term investments with an original maturity of three months or less.

Investments are carried at fair value except for short-term U.S. Treasury obligations, if any, with a remaining maturity at the time of purchase of one year or less. Those investments, if any, are reported at amortized cost. Fair value is based on quoted market price. Additional cash and investment disclosures are presented in Notes 2b. and 3a.

Interprogram Receivables and Payables

During the course of operations, numerous transactions occur within individual programs that may result in amounts owed between these programs. Offsetting interprograms are eliminated for financial statement presentation.

Receivables

Receivables consist of all revenues earned at year-end and not yet received. Tenant accounts receivable and accounts receivable miscellaneous compose the majority of receivables. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable.

Budgets and Budgetary Accounting

The Commission adopts a formal operating budget each year for its operating programs and on a project length basis for its capital expenditures which are approved by the Board of Commissioners and submitted to the Department of Housing and Urban Development for their approval, if required.

Estimates and Assumptions

The Commission uses estimates and assumptions in preparing financial statements. These estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and reported revenues and expenses.

NOTE 1 - Summary of Significant Accounting Policies (Continued)

1d. Assets, Liabilities, and Equity (Continued)

Capital Assets

The accounting treatment over property, plant, and equipment (capital assets) is as follows:

In the financial statements, capital assets purchased or acquired with an original cost of \$200.00 or more are accounted for as capital assets. All capital assets are valued at historical cost, or estimated historical cost if actual is unavailable, except for donated capital assets which are recorded at their estimated fair value at the date of donation.

Depreciation of all exhaustible capital assets is recorded as an allocated expense depending on the program where the asset is shown, in the Statement of Revenues, Expenses and Changes in Net Assets, with accumulated depreciation reflected in the Statement of Net Assets. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Buildings	5 - 40 years
Furniture, equipment and machinery - dwelling	10 - 15 years
Furniture, equipment and machinery - administration	3 - 20 years
Leasehold improvements	5 - 20 years

Restricted Assets

Restricted assets include cash and investments legally restricted as to their use. The primary restricted assets are related to the Tenant Security Deposits of the Low Rent Program which is a HUD program.

Compensated Absences

The Housing Commission's policies regarding vacation time permit employees to accumulate earned but unused vacation leave. The liability for these compensated absences is recorded as short-term and long-term liabilities based on historical trends. In accordance with the provisions of GASB Statement No. 16, no liability is recorded for non-vesting accumulating rights to receive sick pay benefits.

1d. Assets, Liabilities, and Equity (Continued)

Equity Classifications

Equity is classified as net assets and displayed in two components:

- a. Invested in capital assets, net of related debt—Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowing that are attributable to the acquisition, construction, or improvement of those assets. The Commission had no related debt.
- b. Unrestricted net assets—All other net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt.”

1e. Revenues, Expenditures, and Expenses

Operating Revenues and Expenses

Operating revenues and expenses are those that result from providing services and delivering goods and/or services. It also includes all revenue and expenses not related to capital and related financing, noncapital financing, or investing activities.

Non-operating revenues and expenses are those that are not operating in nature.

Interfund Transfers

For the purposes of the Statement of Revenues, Expenses and Change in Net Assets, all interfund transfers between individual programs, if any, have been eliminated.

NOTE 2 - Stewardship, Compliance, and Accountability

The Commission and its component units, if any, are subject to various federal, state, and local laws and contractual regulations. An analysis of the Commission's compliance with significant laws and regulations and demonstration of its stewardship over Commission resources follows.

2a. Program Accounting Requirements

The Commission's complies with all state and local laws and regulations requiring the use of separate programs. The programs used by the Commission are as follows:

Program	Required By
Public and Indian Housing	U.S. Department of Housing and Urban Development
Capital Fund Program	U.S. Department of Housing and Urban Development

2b. Deposits and Investments Laws and Regulations

In accordance with state law, all uninsured deposits of the Commission in financial institutions must be secured with acceptable collateral valued at the lower of market or par. All financial institutions pledging collateral to the Commission must have a written collateral agreement. As reflected in Note 3a., all deposits were fully insured or collateralized.

Investments of the Commission are limited by state law to the following:

- a. Direct obligations of the U.S. Government or its agencies or instrumentalities to which acceptable collateral is pledged.
- b. Certificates of deposit or savings accounts that are either insured or secured with acceptable collateral.

2c. Revenue Restrictions

The Commission has various restrictions placed over certain revenue sources. The primary restricted revenue sources include:

<i>Revenue Source</i>	<i>Legal Restrictions of Use</i>
Capital Fund Program	Modernization

For the year ended June 30, 2005, the Commission complied, in all material respects, with these revenue restrictions.

NOTE 4 - Other Notes

4a. Employee Retirement Plan

Defined Contribution Plan: The Commission has also provided a defined contribution plan. The defined contribution plan is available to all full-time employees not already participating in another plan. In a defined contribution plan, benefits depend solely on amounts contributed to the plan, investment earnings, and forfeitures of other participants' benefits that may be allocated to such participant's account. Benefits vest after ten years of service. The Commission contributed 6.41 percent of covered payroll.

For the year ended June 30, 2005, the following amounts related to the defined contribution plan:

Commission total payroll	\$ 121,558.39
Payroll for covered employees	\$ 121,558.39

NOTE 4 - Other Notes (Continued)

4b. Risk Management

The Commission is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; injuries to employees; employees health and life; and natural disasters. The Commission manages these various risks of loss as follows:

Type of Loss	Method Managed
a. Torts, errors and omissions	Purchased insurance with Municipal Insurance Alliance.
b. Injuries to employees (workers' compensation)	Purchased insurance with Michigan Municipal League Workers Compensation Fund. Claims are administered by Michigan Municipal League Workers Compensation Fund.
c. Physical property loss and natural disasters	Purchased commercial insurance with \$500 deductibles.
d. Health and life	Purchased health insurance with Blue Cross Blue Shield; Life insurance is provided by Fortis Life Insurance.

Management believes such coverage is sufficient to preclude any significant uninsured losses to the Commission. Settled claims have not exceeded this insurance coverage in any of the past three fiscal years.

4c. Commitments and Contingencies

Contingencies

The Commission is subject to possible examination by Federal and State authorities who determine compliance with terms, conditions, laws and regulations governing other grants given to the Commission in the current and prior years. No significant violations of finance-related legal or contractual provisions occurred.

**Report on Compliance and on Internal Control Over Financial Reporting Based
on an Audit of Financial Statements Performed in Accordance with
*Government Auditing Standards***

Board of Commissioners
City of Hillsdale Housing Commission
Hillsdale, Michigan

We have audited the financial statements of the City of Hillsdale Housing Commission, Michigan, (Commission) as of and for the year ended June 30, 2005, and have issued our report thereon dated March 8, 2006. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

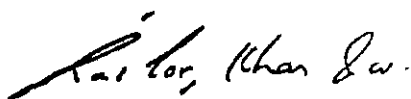

As part of obtaining reasonable assurance about whether the Commission's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed one instance of noncompliance that is required to be reported under *Government Auditing Standards* which is described in the accompanying schedule of findings and questioned costs.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Commission's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. However, we noted a certain matter involving the internal control over financial reporting and its operation that we consider to be a reportable condition. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgement, could adversely affect the Commission's ability to record, process, summarize and report financial data consistent with the assertions of management in the financial statements. The reportable condition is described in the accompanying schedule of findings and questioned costs.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we believe the reportable condition described above is not a material weakness.

This report is intended for the information of the City of Hillsdale Housing Commission, Michigan's management, and federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

June 30, 2005

FINANCIAL STATEMENT FINDINGS

The current audit report for the year ended June 30, 2005 disclosed the following Financial Statement audit findings:

1. Budget Overruns.

Criteria:

The Housing Commission must operate with budget constraints.

Condition:

We noted the following budget overruns for fiscal year ended June 30, 2005:

<u>Description</u>	<u>Budget</u>	<u>Actual</u>	<u>Overruns</u>
Utilities	\$ 66,390.00	\$ 72,072.06	\$ 5,682.06
Non-Routine Expenditures	4,500.00	12,734.85	8,234.85
Total Operating Expenditures	313,540.00	318,939.87	5,399.87

Questioned Costs:

None

Effect:

The Housing Commission exceeded the operating budget in the aforementioned categories.

Cause:

The Housing Commission did not ensure that these budget categories were not exceeded.

Recommendation:

We recommend that the Housing Commission place greater emphasis on operating within the budget constraints. Also, when it appears that the current budget has become insufficient, the Housing Commission must prepare a budget revision.

FINANCIAL STATEMENT FINDINGS (CONTINUED)

1. Budget Overruns (Continued).

Management's Response:

We recognized that drastically reduced subsidy allocations, late or delayed CFP funding and increased labor and benefits costs were impacting our financial statements in a negative manner prior to fiscal year end. Due to these factors, we implemented changes resulting in staff reductions and benefits reductions prior to fiscal year end which would result in a positive cash flow for the next fiscal year.

Action Plan:

The Hillsdale Housing Commission has already taken steps to correct this deficiency and is operating in a positive cashflow position during the current fiscal year.

re: Independent Auditor Report No. 05-PH-0092
Fiscal Year Ended June 30, 2005

Dear Director Nelson:

Please accept this letter in response to your correspondence dated July 06, 2006, regarding a finding listed in the FYE 06/30/2005 Audit Report for the Hillsdale Housing Commission, Project Number MI103. (Please note that the letter erroneously refers to the audit for FYE 06/30/2006; the audit for that year has not yet been completed and we are therefore submitting this letter referring to FYE 06/30/2005.)

Your letter requests that we submit a letter of explanation of the finding. The table below lists a description for each item of inquiry:

<u>Description</u>	<u>Budget</u>	<u>Actual</u>	<u>Overrun</u>	<u>Overrun Description</u>
Utilities	\$66,390.00	\$72,072.06	\$5,682.06	A dramatic increase in actual utility costs beyond our control was observed. The utility line item was increased in the following year's budget.
Non-Routine Exp.	\$4,500.00	\$12,734.85	\$8,234.85	Three main water heaters supplying water to all units in our Public Housing development required replacement simultaneously. This increased our expenses and required us to drastically reduce costs in other areas. (The total cost of this replacement was nearly \$30,000.)
Total Op. Exp.	\$313,540.00	\$318,939.87	\$5,399.87	The majority of this overrun is included in the descriptions above. However, it should be noted that a large portion of this overrun occurred as a result of the cost of prior personnel costs, rectified prior to FYE.

In addition to the items listed above, please be advised that overruns at least partially resulted from drastically reduced subsidy levels during the grading period and late and/or delayed CFP funding, as specified in the body of the audit report and in our MD&A audit attachment.

Equal Housing
Opportunity

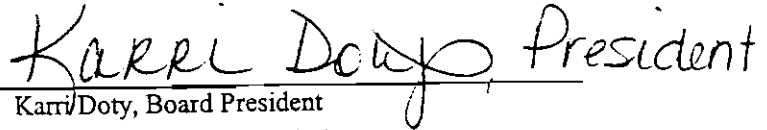

To at least partially compensate for this reduction in funding, the Hillsdale Housing Commission reduced controllable costs, staff and benefits prior to FYE, as also discussed in the body of the report. Also as verbally discussed, since our PHA took action to rebuild reserves and balance the budget immediately, we can show an increase in operational reserves for FYE 06/30/2006.

Thank you for your time. If you have questions or if we may be of service, please do not hesitate to contact us.

Sincerely yours,

Alton D. Cousino III, PHM

Dear Mr. Cousino:

Subject: Independent Auditor Report No. 05-PH-0092
Fiscal Year Ended June 30, 2006

We are in receipt of the audit report for the Hillsdale Housing Commission's fiscal year ended June 30, 2006. Sailor Kahn & Co. C.P.A. performed the audit. The audit report contained one finding. The commission must take immediate action to address this finding as follows:

Finding No. 1- Budget Overruns

The auditor indicated the PHA must operate with budget constraints. The following budget overruns were noted for fiscal year ended June 30, 2005:

<u>Description</u>	<u>Budget</u>	<u>Actual</u>	<u>Overruns</u>
Utilities	\$ 66,390.00	\$ 72,072.06	\$ 5,682.06
Non-Routine Expenditures	4,500.00	12,734.85	8,234.85
Total Operating Expenditures	313,540.00	318,939.87	5,399.87

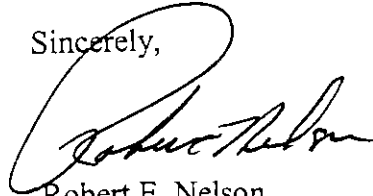

The auditor specified the Hillsdale Housing Commission exceeded the operating budget in the aforementioned categories, and the PHA did not ensure and monitor these budget categories

Corrective Action:

The HHC must submit an explanation of the expenses incurred that exceeded the budget. In addition, the HHC must come into compliance and submit to HUD a plan for reducing cost overruns within 30 days from the receipt of this letter.

All documentation must be submitted to this office within 30 days of the date of this letter. If there are any questions please contact Patricia Hairston, Public Housing Revitalization Specialists at (313) 226-7900 extension 8201.
